5. Unfinished Business

a. Review, discuss, and possibly take action on joint funding of DFC study for GMA-11.

Roy Rodgers from the Neches and Trinity Valley GCD approached the Board asking for their support in providing funding for the GMA-11 DFC study that is being mandated by the State. Len Luscomb from Rusk County GCD asked for support as well. The Board discussed the fact that there were 27 counties in the GMA-11 area and only 7 groundwater districts that were being held responsible for the funding. The Board offered their support but requested that they needed firm dollar amounts before the Board could determine how much to pledge, therefore any action was tabled until the next meeting at which time it was believed that GMA-11 would have a firm proposal. The board also suggested that the GMA-11 representatives write letters to the other 20 county judges requested monetary support so that the burden would not be placed solely on the 7 organized groundwater districts.

No action was taken.

The discussion resumed with Item 2.
